PANTHERLOG

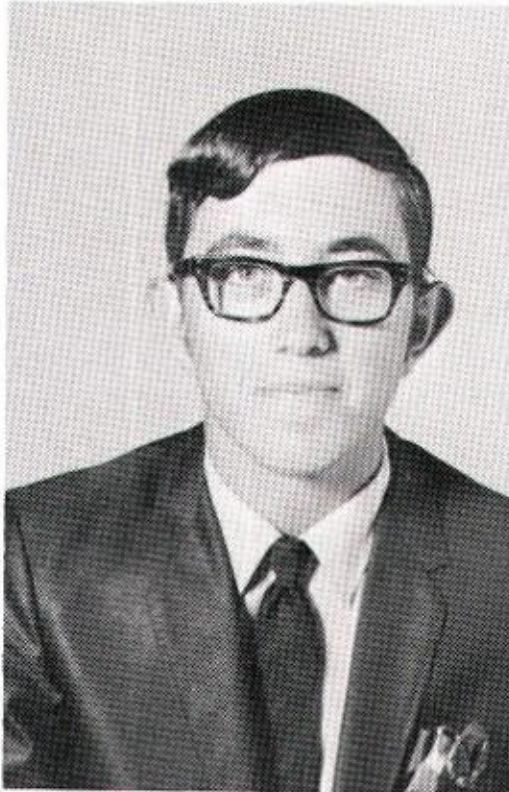

We, the 1969 PANTHERLOG staff, sincerely hope that we have put together all of your fondest memories within the pages of this 1968-'69 PANTHERLOG. Most of the credit goes to Mrs. Pena, our sponsor, because without her this annual wouldn't have been possible. Also, a large part of it goes to the workers on the staff who co-operated and worked together.

We say, "Thank you!" to all of you for making this annual possible.

*Robbie Black*

This year is unique within itself  
because of the things we do and  
feel as a group. This year is  
giving us new friendships,  
new amusements,  
new thoughts,  
new skills,  
which bring us closer to  
THE THRESHOLD OF THE MIND . . .

## Superintendent's Message

Charles C. Larrison, Jr.

This book of memories will be a very important record that will speak for the class of '69. This documentation of faces, places, and events will be one of the most cherished "history books" you will have and your referral to it will be constant.

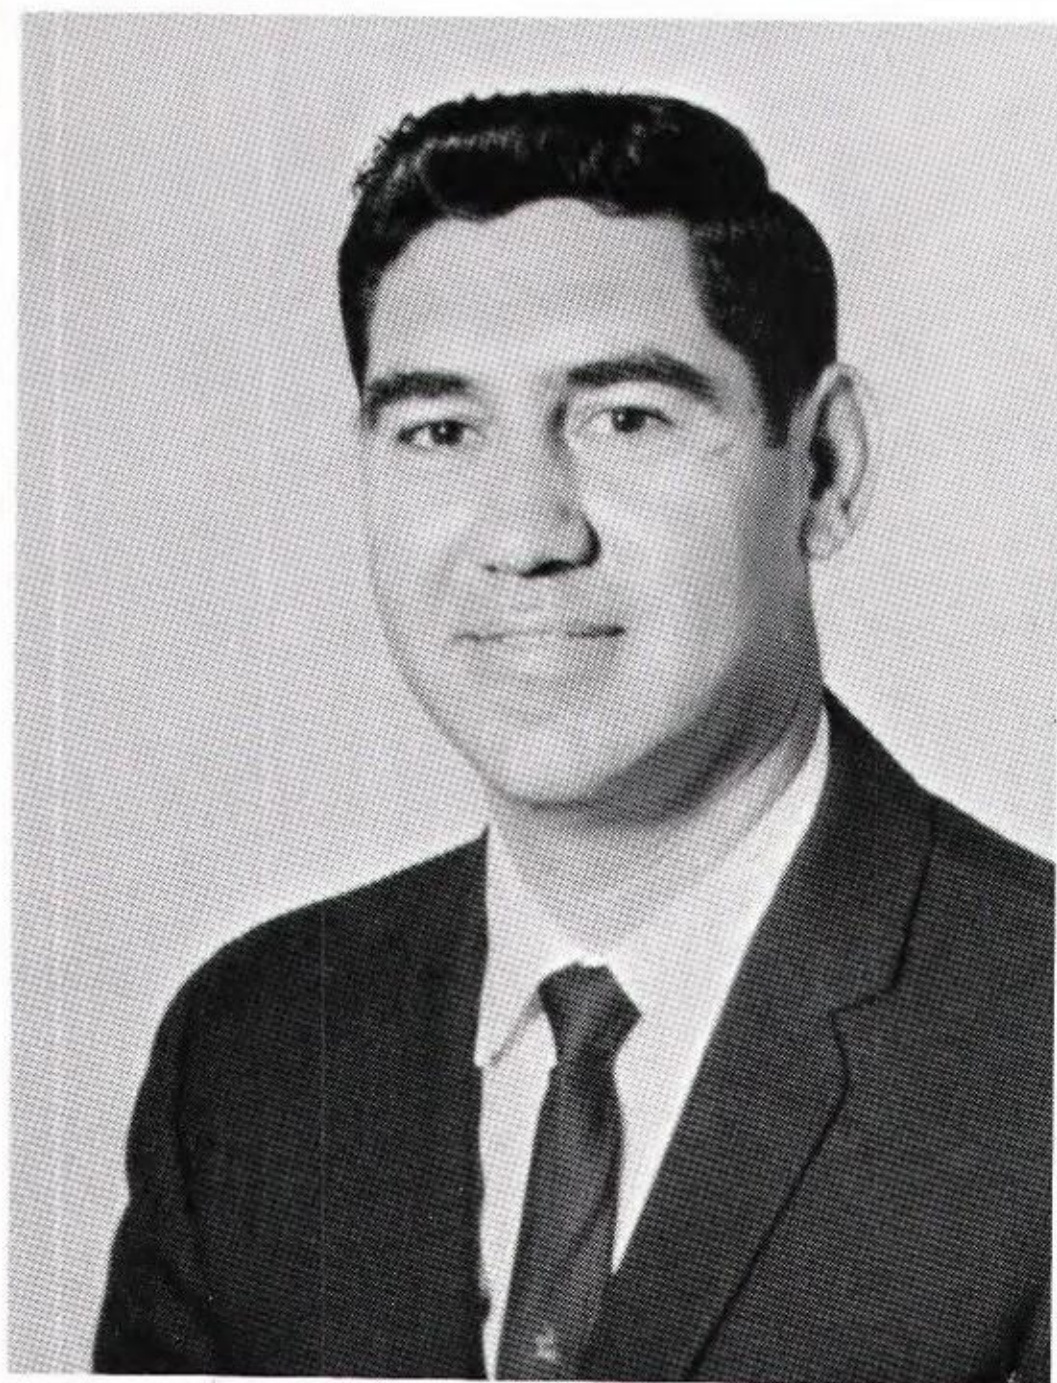

It has indeed been a pleasure for me to have in some small way contributed to the many "Memories" that are documented herein.

May they always be a source of pleasure and inspiration to you.

*Charles C. Larrison, Jr.*

## Principal's Message

Nelson Pena

To the Students of Mirando City High School:

To you who are leaving, I wish you success in your hopes and aspirations. May you, as graduates, realize that we have helped you in some small measure on your way to becoming good, well-adjusted American adults.

To you who have not yet finished your high school education, may our future relationship be both pleasant and profitable.

May you all look back through the pages of this book and remember the many fine and wonderful experiences that have been yours and ours.

The idea of finally being a senior brings with it a certain sense of responsibility. However, by the time a senior begins to realize this responsibility, the year seems to have disappeared. The officers of this class worked hard to encourage the year's activities, and everyone was eagerly looking forward to the senior trip to Mexico City.

Karen learns how to take proper care of her nails.

Mrs. Mendieta helps girls with sewing.

Mrs. Garza teaches the girls how to handle a sewing machine.

Mrs. B. and girls look at pattern books.

Jesus, San Juanita, Alan, Cynthia, Karen, and Johnny Bill prefer to sit this one out.

Alan takes a whirl around the dance floor.

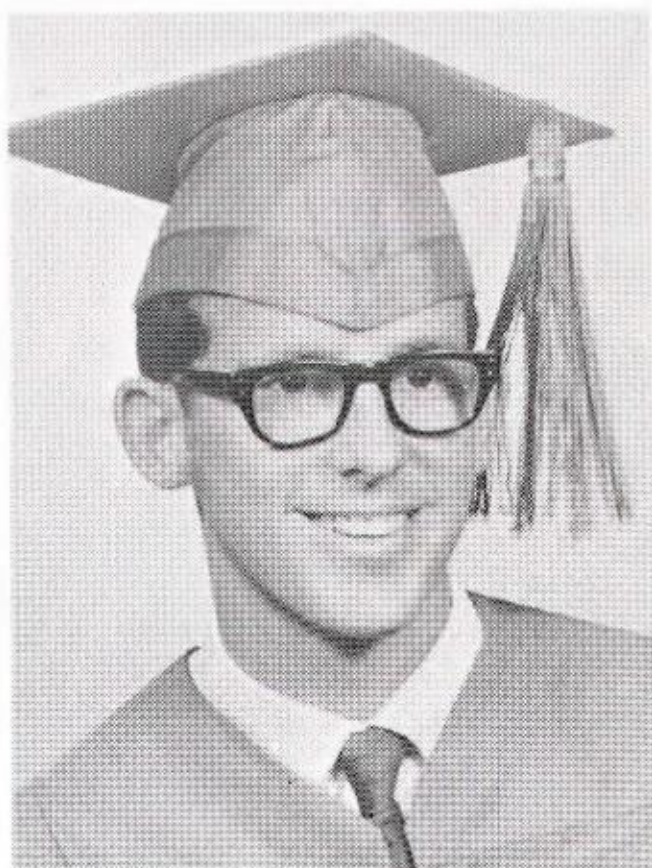

Roger, Melinda, Linda, and Joe Bob take full advantage of the great great music.

## Working Toward Next Year . . .

State inspector Conner from the Texas State Education Agency visited our school to observe the new math program. He is shown with Mrs. Ballard, math teacher, who is explaining the different facets of the program.

Mr. Conner praised the math program enthusiastically. He stated that the program could start a new trend in this field of education.

## One Threshold Melts Into Memories; a New Threshold Awaits . . .

Yes, this year was unique within itself, and now it is finished. Never again will we live its moments; never again will we see its people in the same light. But we have lived it, and we have loved it, and it has brought us closer to the threshold of the mind . . .
